2009 Весна Spring

Найщиріші вітання з нагоди найбільшого християнського свята Воскресіння Христового!

Величне свято Воскресіння Христового спонукає кожного із нас ще раз замислитися над вічними цінностями християнської моралі, дає нам добру нагоду наповнити свої серця любов'ю і добротою, зміцнює кожного з нас духовно. З настанням Пасхальних днів пробуджується не тільки земля, а й усі людські надії й сподівання на добру долю. Направимо наші молитви на добрі справи, відродження Української Нації і ствердження Української Держави.

Our warmest greetings to you during this time of renewal and rebirth. We extend to you our heartfelt wishes for good fortune, joy filled days, good health and all of our Lord's blessings.

Христос Воскрес!

Christ is Risen!

President's Greeting *by Daria Luciw*

As we enter the time of year that signals rebirth in our lives, at UCC-APC we are also undertaking new activities and directions in our work on behalf of the Ukrainian community in Alberta.

During a planning session held early in the New Year, the Board identified 9 priority areas on which we need to focus along with our key goals for each of these areas. Of particular importance on our agenda are the areas of Youth and Education.

All of the identified working areas will be supported by a committee comprised of Board Members and other volunteers. If, as you read the information below, you are interested in being involved in any of these committees or events, please let us know. Our committees will be able to support volunteers in any community in Alberta - we look forward to welcoming you to our team!

Also, if there are issues of particular concern in your community or for your organization, we also ask that you share this information with us and we will do what we can to provide support as needed.

The following is a very brief overview of our focused activities for the next 18 months and we welcome your input and ideas as we continue to build a stronger foundation for our community in Alberta. We will be most successful if we have your input, ideas and support!

Education - support curriculum development and resources in Alberta schools, as well as promote the Ukrainian Bilingual Program and language classes

Youth - provide leadership training and encourage increased community participation

Government Relations - work with government to ensure support is in place for institutions such as the Ukrainian Village and Ukrainian Canadian Archives and Museum, as well as immigration issues

Community Development - provide training for future leaders, engage more businesses in community activities and work with other ethnic organizations to advance common interests

Ukraine Relations - continue working towards a full-time Consulate of Ukraine in Edmonton as well as promote Alberta-Ukraine projects and partnerships

Communications - reach more Ukrainians in Alberta using diverse communications methods

Membership - increase participation in UCC-APC by more communities and organizations in Alberta, and provide more support for Ukrainian organizations around the province

Events - continue expanding Ukrainian Day and Hetman Awards as well as begin discussions to commemorate the 125 anniversary of Ukrainians in Canada

Administration - Complete all policies and procedures for effective and transparent operations and increase fundraising activities for stable financial operations.

Making Strides for Inclusion and Choice in Ukraine *by Roman Petryshyn*

Until very recently, the only options for educating children with disabilities in Ukraine was to send the child away to a segregated boarding school; integrate the child into a mainstream school (but with little accommodation, and with only parents as a support); or simply allow the child to languish at home.

A project known as Inclusive Education for Children with Disabilities in Ukraine, funded in part by the Canadian International Development Agency, is aiming to change that. The project hopes to provide Ukrainian parents and their children with choices, and integrate children with disabilities into mainstream Ukrainian society, supported by teachers and specialists.

The Inclusive Education project was established as a partnership of two Canadian organizations cooperating with three national organizations in Ukraine. In Canada, the Canadian Centre for Disability Studies (CCDS) in Winnipeg and URDC at Grant MacEwan College each accepted responsibility for financing their portions of the project. The project overall is valued at \$6.84 million with \$4.69 million having been contributed by the Canadian International Development Agency (CIDA).

CCDS is the project's executing agency, coordinates partners and reports to CIDA. URDC MacEwan coordinates the participation of member organizations belonging to the Canada Ukraine Research Team (CURT), namely, faculty from: Drahomanov National Pedagogical University; the Institute of Special Pedagogy/Academy of Pedagogical Sciences of Ukraine; the Psychology Department, Faculty of Education, University of Alberta; and individual professors from several other universities in Canada and Ukraine (Calgary, Victoria, Edmonton, Lviv, Simferopol).

The National Assembly of Invalids of Ukraine, the Institute for National Upgrading of Teachers are also partners in Ukraine, while the Ukrainian Foundation Step by Step is a partner and project coordinator.

The project has three main program components: civil society, education and policy development (to advance civil society and inclusion initiatives in education institutions). Working with the Ministry of Education and Science of Ukraine and the Ministry of Social Protection of Ukraine (among others), building an inclusive education system requires: 1) Legislation and Policy; 2) preparing school administrative leaders and providing ongoing education for personal and professional development 3) university training for teachers and service providers to learn to support children with disabilities in the classroom; 4) a barrier free environment and necessary communication tools; 5) methods for assessing and planning.

The project will be implemented between April 2008 and March 2013 within two pilot regions in Ukraine: Lviv city and Simferopol. Other locations are invited to participate in the dissemination of project results. The mission of the project is to strengthen the capacity of targeted institutions to develop inclusion policies for children with disabilities under 18 along with their families, establish inclusive education programs and strengthen civil society to advocate and deliver services.

However, research shows that fundamental change with regard to issues involving the disabled comes bottom-up from the grass-roots level, working in partnership with top-down changes. "For the first time national and regional levels of government will bring on board the most motivated partners – the parents of children with disabilities," says Yuri Konkin. "The whole community will change to accommodate such children. It will become more tolerant.

Although inclusion can be more costly and Ukraine is not a wealthy country, the Ukrainian government has consistently shown support for the principles of this project. It knows that integrating children with disabilities into school and society and helping them get employment is more efficient in the long-term.

... STUDENT LIFE IN '08-09 *by Roman Soltykevich*

Рік за роком, кроком за кроком – Українська студентська спілка при Альбертському університеті стає більш зрілою та видатнішою організацією на кампусі через своїх успішних заходів.

Since 1954, the Ukrainian Students' Society at the University of Alberta has endeavoured to uphold and promote Ukrainian culture by networking with other student groups, Ukrainian community organizations, businesses, and members. This allows us to inform our members about issues and events relevant to them as students with a Ukrainian background. With political, zabava, and student life events, our membership of over 250 experiences campus life with a Ukrainian twist, and this year was no exception.

As always, cultural and commemorative events were just as important as social events for our members. This year, our Holodomor Awareness Week consisted of a Panel Discussion (co-hosted by UCC Edmonton), Holodomor Exhibit (donated by LUC Oshawa), and a 33 hour Famine pledge drive, with all money donated to UCC's National Holodomor Recognition Committee.

This year we also hosted a very successful UA at the U of A: Ukrainian Week event. A week's worth of events was held on campus – from a Ukrainian Dance workshop led by Dr. Andriy Nahachewsky to a movie night, all of which helped raise awareness about our organization on campus and all things Ukrainian. The week was capped off with a Zaporozhian Zabava featuring the music of "Zorepad". We are grateful for generous support from the Students' Union, Office of the Dean of Students, and the Taras Shevchenko Foundation, for this inaugural Ukrainian Week.

Співпраця цього з студентами від Інституту св. Івана була дуже корисною, та дозволила нам разом зорганізувати всіякі успішні події в Інституті, як Львівське Луау, Київське Крістмас, та Пирого, Паски й Писанки. Також разом ходили колядувати й заробили нашим організаціям потрібні гроші. УСС очікує дальшої співпраці з Інститутом після завершення ремонту який розпоченатиметься цього літа.

In addition to our events, USS was able to acquire office space within the Canadian Institute of Ukrainian Studies on campus. We are very thankful to CIUS for their generous support of our organization with their invaluable contribution. We are also a proud member of the Ukrainian Canadian Students' Union (CYCK), connecting our members with hundreds of Ukrainian Students across Canada. This year we sent delegates to the 51st Congress in Toronto, and had two members of our Executive also serving on the Executive of CYCK. More details are found on their website, susk.ca.

The USS has had another successful year, and continues to grow as a campus organization. As always, we welcome any support from the community – both financial or by the donation of resources. We look forward to many more successful years ahead!

USS Events 2008-2009

- Ukrainian Students' Society Kovbasa Fest @ Week of Welcome
 - Kozaks' Horilka Hoedown
- L'vivske & Slavutych T-Shirt Fundraiser

"In Alberta we have been extremely fortunate to be celebrating 35 years of Ukrainian bilingual education. Since 1959 Ukrainian has been a subject of instruction in Alberta's secondary schools and many schools also offer Ukrainian language classes as an option at the junior high and high school level. Much research and writing has confirmed the numerous benefits of language education and in today's global economy, a bilingual education can also enhance career options. In learning about our own culture and history, we also develop a deeper appreciation for other cultures in Canada and around the world. We encourage you to look into language education in your community or if there is none, meet with your school boards to discuss adding Ukrainian language to their curriculum." - **UCC-APC**

Ukrainian Bilingual Program in Alberta

by Tamara Horpyniuk

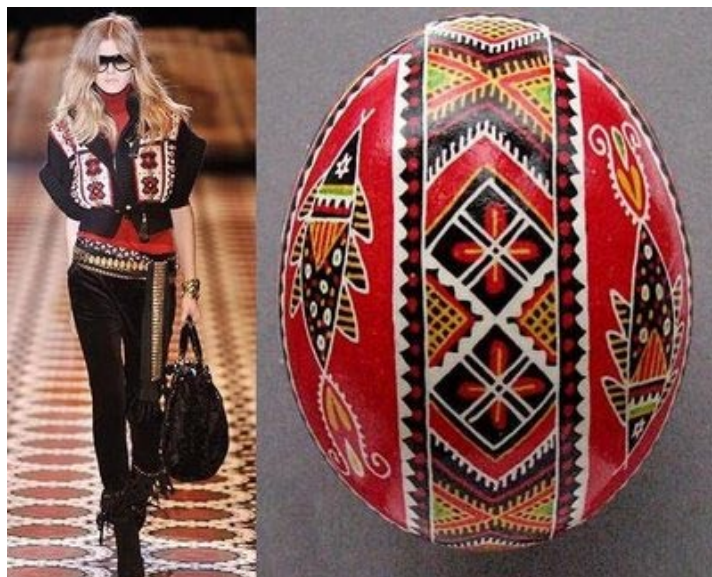

Looking back on my childhood, I am so appreciative of my parents' commitment to raise our family in a way that allowed us to learn and experience Ukrainian language and culture. One of the most precious gifts that my parents gave me was enrolling me in the Ukrainian Bilingual Program. Attending a Ukrainian school allowed me to further my learning of Ukrainian language and culture. This experience let me discover a deep passion for everything Ukrainian.

When I think back to my years in the Ukrainian Bilingual Program, I can't say that I remember a particular Math or Social lesson. What so strongly stands out in my mind is being part of a school community, an extended family that learned how to speak Ukrainian and practice Ukrainian traditions. Under the mentorship of my teachers and many guest cultural artists, we united in Ukrainian song and dance, conversed in Ukrainian, and learned about the homeland of our ancestors. Being able to write colourful pysanky, embroider intricately designed rushnyky, baking paska during Easter, and learning how to Ukrainian dance during lunch hour were such memorable and special experiences. In school, I was also able to build my faith in the Byzantine rite through daily prayer and celebration of various feast days. The beauty of experiencing the Ukrainian traditions and religious feasts is that they took place during the school day, intermingled with regular curricular instruction. This is what makes Ukrainian bilingual schools so extraordinary.

My positive and unforgettable educational experience in the Ukrainian Bilingual Program led me to continue my Ukrainian studies at the University of Alberta and graduate with a Bachelor of Education. Presently, I am a teacher at St. Martin Ukrainian Bilingual School. I am incredibly blessed to teach my students a Ukrainian cultural education. It is a pure joy to witness students with Ukrainian roots and other ethnic backgrounds unite and form a learning community that celebrates the vibrant Ukrainian language and culture.

For more information on the Ukrainian Bilingual Program as well as schools that offer Ukrainian cultural and language courses, adult Ukrainian language classes, Saturday Schools, Distance education, cultural classes and Post-Secondary classes please visit www.uccab.ca/education

In Loving Memory of Catherine Chichak

It is with much sadness that we said goodbye to Catherine Chichak who passed away in Edmonton at the age of 77 after a courageous battle with cancer. Former UCC-APC President, and a former Member of the Legislative Assembly in Alberta, Catherine was a dedicated volunteer in our community. Her wisdom, guidance and grace will be very much missed by us all.

NOMINATIONS FOR HETMAN AWARDS 2009 NOW BEING ACCEPTED

Submission deadline June 30, 2009

In 1998, the Alberta Provincial Council initiated an annual "Hetman Awards" program to acknowledge significant volunteer achievements of outstanding Ukrainian Albertans.

У 1998 році КУК-АПР почала проведення щорічної програми "Гетьманських Нагород" яка визначає значні добровільні успіхи видатних українських мешканців Альберти.

The Annual Hetman Awards are dedicated to the celebration of all volunteers who have chosen to give their time, effort and expertise in order to keep our Ukrainian Canadian community in Alberta strong, vibrant and active. These awards are presented in the categories of youth, adult and senior. One award annually may be presented posthumously.

Щорічні Гетьманські нагороди присвячені святкуванню всіх добровольців, які вирішили приділити свій час, зусилля і досвід, з тим щоб наша українська громада в Альберті лишилася сильною, енергійною і активною. Ці нагороди представлені в категорії молодь, дорослі і старші. Одна нагорода щорічно може бути вручена посмертно.

The UCC-APC welcomes nominations from any organization or group of individuals in Alberta. All award recipients will be publicly honoured at the Annual Hetman Awards Gala to be held on Sunday, October 4, 2009 at the Chateau Louis Conference Centre.

КУК-ПРА вітає висування кандидатур від будь-якої організації або групи осіб, у провінції Альберта. Всі нагороджені будуть публічно визнанні на щорічному "Гетьманському" банкеті, яка відбудеться в неділю, 4 жовтня 2009 року в Chateau Louis Conference Centre.
