**UCC-APC gratefully acknowledges all our donors and the following funders and businesses for their financial support in 2014-15:**

Government of Canada - Summer Jobs Program, , Alberta Lottery Fund, Shevchenko Foundation, Chateau Louis Hotel and Conference Centre, Servus Credit Union - Delton Branch, Crowe MacKay LLP.

**UCC - Alberta Provincial Council (UCC-APC)  
September 1, 2014 - August 31, 2015**

The year begins in September, with intense involvement in the planning of our Hetman awards in October of 2014. The UCC-APC then moved forward on the nomination process and preparations for the AGM of UCC-APC November 7, 2014, where Olesia Luciw-Andryjowycz, President, Ivan Lypovyk, Vice President, and Romana Latenko Treasurer, were elected as new executive members of the UCC-APC Board of directors. Also elected as part of the executive were two directors; Yaroslav Szewchuk - Edmonton and Linda Fewchuk – Bonnyville. UCC -APC had delegates representing 14 of the 16 member organizations at the AGM held at the Ukrainian National Federation Hall. Having reviewed and settled into the work of UCC-APC this report provides an overview of the priorities and initiatives identified by the new Board of Directors covering the period of September 1, 2014 – August 31, 2015.

UCC-APC continued to be active in assisting Ukraine and the crisis. Large fundraisers were organized throughout the year, initiated by Ukrainian artists of ACUA. A small event in October, followed by a larger fundraiser in November, 2014 named “Art for Aid” raising funds in support of the volunteer battalions. These initiatives spawned a group of dedicated volunteers that evolved into the UCC-APC “Aid for Ukraine” Committee.

**1. Governance and community development**

As part of the new by-law changes, UCC-APC executive welcomed the election of 2 directors, Yaroslav Szewczuk and Linda Fewchuk. This addition of directors added a new energy to the work of the board. Further community outreach work is further needed to embrace the community spirit of southern Alberta inclusive of Red Deer and Calgary, and Northern Alberta, Andrew, Vegreville, Mundare and others. This year, we worked closely with the Zustrich Ukrainian Association of Mundare.

**2. Communications**

UCC-APC continues to increase communications and awareness of community initiatives and activities through a consistent effort in maintaining and increasing the provincial contacts database. This year we continue the electronic “Ukraine updates” twice a month obtained from Oleksandr Pankiiev and his students, of the Canadian Institute of Ukrainian Studies, which publishes reputable and timely articles regarding the situation in Ukraine.

We continue to provide up to date information through the UCC-APC biweekly e-bulletin. Our bi-weekly e-bulletin is prepared and distributed to the 5000+ active individual contacts and donors. The e-bulletin is used to effectively disseminate immediate news items, event announcements, information items as well as a means to channel news from UCC National and the Ukrainian World congress.

In addition to the e-bulletin, UCC-APC also uses social media, UCC-APC Facebook and twitter to supplement our communication activities. We also print and distribute a quarterly newsletter to all our donors.

### 3. Engaging Youth and Mentorship

UCC-APC has been fortunate to be able to hire summer students to assist in events coordination, community development, communications and more. Summer student positions are partly funded through the Canada Summer jobs program. In the summer of 2015, we were fortunate to hire Sarah MacRae. The UCC-APC website and “communications” update project has begun with the assistance of our student “outreach” employee and has evolved as time and volunteers became available. Throughout the year, UCC-APC is an active participant of the (Alberta) Serving Communities Internship Program (SCIP). We have employed four student interns throughout the year to assist us in Ukraine crisis updates, translation, database updates, special event coordination, web-design and updates, and social media communications. This program is funded by the Alberta government and each student is awarded a \$1000.00 bursary for their volunteer efforts. Our student outreach employees and interns bring a fresh, most competent, young leadership to UCC-APC. We also continue to identify opportunities to engage the members of the Ukrainian Students Society and other youthful community leaders.

We continue to encourage youth participation in the activities of UCC-APC. UCC-APC invites representation from the Ukrainian Student Society and other community youth organizations to attend the meetings of the Board of Directors. We mentor youth leadership in the community by providing our young leaders with the opportunity to engage in the activities of UCC-APC through its committees, projects and special events.

### 4. Community Outreach and development

The Executive committee of UCC-APC seeks to be actively involved in the Ukrainian, business and government communities. It's necessity allows us to establish and build community relations, partnerships and ensure UCC-APC is informed and visible truly as the representative of the Ukrainian Canadian community. We actively promote, support our member organizations in their activities, initiatives and board development. UCC-APC maintains representation on the Advisory Council for Alberta Ukraine Relations and fosters healthy government relations with Alberta Culture, Intergovernmental Affairs, Municipal Affairs and other government bodies as applicable to the affairs of UCC-APC.

UCC APC participated and supports many initiatives of the community, whether via committee work or representation at events. Annual General Meetings of member organizations, Black Ribbon Day, Project planning, Ukraine Independence Day, fundraisers and lectures; are crucial to community outreach and development. Unity and cooperation within the community is vital.

### 5. Hetman Awards

The Hetman awards continues to be a celebratory gathering of the community whereby we recognize the recipients of the Hetman award and say thank you for their exemplary volunteer contributions to our ever evolving Ukrainian community. The 2014 Gala was also an event that showcased the work of our community organizations and their contribution to the development of Ukrainian Canadians while preserving Ukrainian heritage and history. We see that strong organizations build a strong community. The following is a list of our 2014 Hetman Award recipients:

Youth Category: Olesia Markevych,  
Zorya Belanger,  
Cassian Soltykevych  
Adult Category: Andrea Kopylech  
Luba Kowalchuk  
Eileen Yewchuk  
Seniors Category: Frances Sych  
Lawrence Pshyk  
Orest Eveneshen  
Posthumous: Mary Goy

This year's celebrations also included the commemoration of the 40th Anniversary of the UCC-APC. There were special video greetings sent from past presidents, and a reflective media presentation of UCC-APC events and milestones depicted through photographs.

Following the Awards for 2014, the application process and adjudication award process was reviewed and updated, for the upcoming 2015 Hetman Awards. A new award for Exemplary Volunteer was created and the youth award was extended to 29 years of age, rather than 25.

## 6. Holodomor Awareness and Education

UCC-APC is proud to have several community members as contributors to the National Holodomor Education committee. The Holodomor education resource projects are in the works through the Ukrainian arts and cultural organizations in Alberta. In the spring of 2013, Alberta Catholic School Trustees' Association has passed a motion that All Catholic Districts in Alberta: declare the last Friday in November as Holodomor Memorial Day; to consider this day to be included in the school district calendar and to undertake a moment of silence or other activity on this day to recognize the millions of Ukrainians who died as a result of this genocide. This motion went to all Catholic districts for individual acceptance and commenced in the fall of 2013. Holodomor educational resources are shared with all districts through the Edmonton Catholic School district and the Eparchy of Edmonton. It is UCC-APC's hope that this initiative will extend to the public education system as well.

On Tuesday, November 25, 2014 Speaker Zwozdesky hosted the 6th annual Holodomor commemoration in the Alberta Legislature rotunda.

Speakers at the Commemoration included:

Hon. Jim Prentice, QC, Premier of Alberta

Ms. Danielle Smith, Leader of Her Majesty's Loyal Opposition

Dr. Raj Sherman, Leader of the Liberal Opposition

Mr. Deron Bilous, Representative of the New Democrat Opposition

MLA Genia Leskiw, Chair, Advisory Council on Alberta-Ukraine Relations

Mr. Walter Zaryckyj, Executive Director, Centre for US-Ukrainian Relations.

Ms. Olesia Luciw Andryjowycz, President, Ukrainian Canadian Congress – Alberta Provincial Council

The Ukrainian Famine and Genocide (Holodomor) Memorial Day Act was written and introduced as Bill 37 by the Honourable Zwozdesky. It received the unanimous support of the Legislative Assembly and came into force on November 2008, proclaiming every fourth Saturday of November as a day of remembrance of the Holodomor.

## 7. Ukrainian Day

“For Our Children”, the 2015 Annual Ukrainian Day Festival, was filled with the sights and sounds of everything Ukrainian in celebration of our rich Ukrainian culture. On August 9, about 3,500 Albertans came to the Ukrainian Cultural Heritage Village for this annual event, a tradition that continues more than 31 years after it was initiated by the UCC-APC.

Olesia Luciwo-Andryjowycz presented greetings on behalf of the UCC-APC, as did Minister Deron Bilous. This year we were privileged to host the Lieutenant Governor Louis Mitchell and honorable Doug Mitchell. Honourable Louis Mitchell also brought greetings during the main concert. There were also present from our Canadian Military, Colonel John Conrad, and Captain Rick Dumas. Several dignitaries were present and were introduced by MC's Daria Luicw and Andrij Hladyshevsky.

The day opened with Sunday services at the three historic churches at the Village, and a pancake breakfast served by volunteers from the Friends of the Ukrainian Village Society. The Honourable Louis Mitchell took part in the unveiling of the centenary plaques, where over 900 family names were presented. Sofiya Fedyna from Ukraine sang “Do you hear me, my brother” as part of the ceremony.

Throughout the day other activities included the Legion Memorial Service, where the Kingsway Legion and the “Diviziynyky” stood side by side with also members of the Canadian military. At the Internment Monument there was a short prayer.

The Alberta Ukrainian Genealogical Project distributed over 200 certificates. UCC-APC is one of 10 patrons of this wonderful project. At the Sil'ska Domivka venue, there was a multimedia exhibit of Peter Shostak's artwork. Also included were live demonstrations of Ukrainian weaving by Elizabeth Holinaty, pysanky writing, and woodcarving. A special display of ACUA artisan pieces was also included. The Domivka included entertainment the orchestra of Ludwig Marianych. This year, once again, Plast, Ukrainian Scouts of Edmonton organized the children's crafts tent. The village market also provided entertainment in the courtyard, and the Ukrainian Students Society of Grant MacEwan University organized a community soccer game. The UCHV offered free wagon rides and tours to the historic village. There was the Ukrainian food court and the Ukrainian Summer kitchen serving hungry participants throughout the day. The concert program featured performers from Edmonton, Calgary, Saskatoon, and Ukraine: Euphoria, Zabava v Koli, Spivohraj, Svitanok, Sofiya Fedyna and the Dunai Dancers.

This year the Luchkovich award was presented to the former Member of the Legislative Assembly of Alberta, Mr. Ray Danyluk.

## 8. Stelmach House Project

In August 2012 the original home of the Stelmach family was moved to the Ukrainian Cultural Heritage Village. This

year, in 2014-15, the exterior of the home was completed, partially due to the Community Facility Enhancement Grant of \$125,000.0 that UCC-APC received and through funding of Alberta Culture. The Stelmach committee also received donations and in-kind donations of materials from community members. The UCC-APC Stelmach House Project committee is moving forward to complete the restoration of the interior of the house as well as the landscaping. This project will continue over the next few years and is due to open on Ukrainian Day, 2016 as part of our 125 anniversary celebrations.

## **9. Ukrainian Language and cultural studies in Alberta**

Enrolments in Ukrainian language bilingual programs for elementary, junior and senior high have greatly increased, while Ukrainian language and cultural studies at the university levels continues to be on the decline. Fall enrolments and budget concerns at the post secondary and graduate levels have raised great concern in the community. UCC-APC continues to provide support to the Ukrainian Bilingual schools with program awareness and recruitment. UCC-APC was made aware of some very important issues at the Post secondary level regarding its programs. These issues concern the Ukrainian Culture, Language and Literature programs, Ukrainian Folklore Centre and the Ukrainian Language Education Centre. Although perhaps many would not realize or understand the ramifications of these issues, they have a major effect on Ukrainian language learning, teaching and the Ukrainian bilingual program in Alberta, Canada and internationally. UCC-APC will continue to proactively approach this issue and look to the community for much support. Discussions and fact finding has begun with key stakeholders of Ukrainian language education. The outcomes of the discussions that have occurred and are forthcoming will change the face of Ukrainian language education in Alberta, Canada and abroad.

The UCC-APC must continue to work with other member organizations to facilitate a meeting of all stakeholders and supporters of bilingual education in Alberta and making this a priority of the community.

## **10. Alberta-Ukraine Genealogical Project**

In this last year 2014-15, over 900 names were added to the Centennial Pioneer Recognition monument during the Ukrainian Day celebrations on August 9, 2015. As honorary Patrons of this project, UCC APC continues to support this amazing project and supports its renewal and its many initiatives. This project is funded through special granting by Alberta Culture to UCC-APC. This project will continue for another 2 years. We join with our partners and patrons and extend a thank you to the Project team for your dedication and work with this project.

## **11. Ukraine Crisis Activities:**

During the period April 2014 to March 2015 the people of Ukraine experienced the Revolution of Dignity, the invasion of Crimea and an Anti-Terrorist Operation (ATO) uprising in Eastern Ukraine carried out by local rebels supported by troops of the Russian Federation. The Ukrainian Canadian Congress-Alberta (UCC-APC) rallied local community support to raise funds that would provide humanitarian aid to people who were wounded and to families of over 6500 people killed in these conflicts. UCC-APC matched Alberta funds and co-operated with the Canada Ukraine Foundation (CUF) and their contacts in Ukraine to carry out five rehabilitation psychological assistance initiatives. The total amount of funds received as a result of the granting and community fund raising was \$225,000.00. These five initiatives provided direct services to over 12,000 individuals and their families. These initiatives were timely and highly successful interventions that provided psychological support to wives, mothers and their children as well as to soldiers experiencing the stress of conflict and emergency situations. The project outcomes have been recognized by Canadian, Ukrainian and international stakeholders as tangible and far-reaching. For example, the translation into the Ukrainian language of a Canadian computer app brought contemporary knowledge on PTSD to the attention of thousands of individuals and hundreds of professionals users in Ukraine and allowed them to self-assess their stress levels and then contact service providers in Ukraine.

Along with much needed immediate assistance to the victims of the conflicts in Ukraine, these five initiatives also enhanced the organizational capacity of several Ukrainian and Canadian NGOs. The project was effective and efficient in the manner it used both private and public funds, helped people in need with psychological services that previously had not existed. The five initiatives completed during this project are:

1. Support of Orphans and Widows Affected by the ATO
2. Emergency Psychological Response Teams
3. Short Term Psychological Rehabilitation of ATO Participants during Rotation, Leave and Treatment
4. Psychological Assistance Program for Families Affected by Continuing Conflicts in Ukraine
5. Developing Mobile Psychological Assistance APP and Website

On October 11 and November 29, 2014 – there were two major events under the initiative of UCC-APC and ACUA called “Art for Aid”. Through the various Alberta-Ukrainian artists, artisans and performers, who donated their art and talent, we collected an initial amount of 21,000.00. Further donations, and fundraising continued throughout the year. As of June, 2015 over \$32,000 worth of boots, jackets, gloves, hats, clothing, and supplies were sent to various volunteer battalions of ATO through “Splina Sprava”. Other clothing was sent to the displaced families that had to flee their homes from Eastern Ukraine. Through these activities, a new UCC-APC committee was formed named Aid for Ukraine Committee.

## **12. UCC National**

UCC Alberta maintains and continues an active connection and participation in the matters of National UCC. Organization and community members play an active role as members of National committees and the Executive committee. National Executive and Committees work in several areas are actively supported through committee work and community communications. These include some of the following: Holodomor awareness and education; 125 anniversary of Ukrainian settlement; 200th Anniversary Shevchenko; Internment; Ukrainian Education; Canada Ukraine Foundation; Donor Committee and Black Ribbon Day, to list but a few.

## **In Conclusion**

UCC APC has worked hard in building community relations, healthy partnerships and effective communications to ensure UCC APC and its member organizations are informed and truly visible as the representing body of the Ukrainian Canadian Community of Alberta. Committee work of the identified priorities of UCC-APC moves forward, while striving to represent the Ukrainian Canadian Community of Alberta in a professional, respected fashion. We are called upon to provide support and advice to the community involving several key areas. Much work has been done.

The passion and commitment of our Board of Directors, Provincial Coordinator: Slavka Shulakewych, our summer student employees and many volunteers has proven to be the driving force of the successes of UCC-APC and its position in the multicultural fabric of Alberta and Canada. I thank all members, volunteers and staff for your commitment and dedications to the good works of UCC APC for 2014 - 2015! It is a pleasure and a great honour working and leading such a committed group of community organizations and volunteers.

Respectfully submitted

Olesia Luciw-Andryjowycz, President

Through the initiative, we collected information on 68 Dance Groups in Alberta, 111 Instructors, and 13 Dance Festivals. We also began the preliminary collection of information related to financial impact and volunteer participation.

AUDA continues to offer referral services to the Ukrainian Dance Community, respond to requests for assistance from dance groups and instructors, and collect and disseminate information on Ukrainian Dance through its newsletter.

## St. John's Institute

Into the 4th year since re-opening our doors after our \$8.5M rebuild, St. John's Institute continues to flourish as a model of youth leadership development, a vibrant Ukrainian cultural hub, and a catalyst for a dynamic, innovative, engaged community, in the spirit of Ukrainian Orthodoxy. With no month featuring fewer than 10-15 events (both SJI's and others'), several signature activities carried the torch for St. John's Institute's cultural programming in 2015. In January, the Institute presented "**Koliaduiemo razom: Pikkardiys'ka Tertsia in Concert**" at Edmonton's Northern Alberta Jubilee Auditorium. An audience of over 1900, including nearly 300 children from Ukrainian bilingual schools, youth groups and cultural programs across Edmonton and beyond, heard the renowned Ukrainian a cappella ensemble, live at the Jube. The performance was followed by a reception for the entire audience, catered by St. John's Institute.

In the spring, **Pentecost in the Park** welcome guests to a shared picnic after a beautiful religious service. Weeks later, over 300 people turned out to celebrate "**Kupala in the Park**" featuring a performance by Ukraine's **Rozhanytzia**, barbecue of shashlyky, freshly-baked bread, and plentiful salads, *motanky*, *vinkopletennia*, songs, dances, games, a scavenger hunt and a vatra in Emily Murphy Park.

In July, SJI cooked up a traditional pancake breakfast for 650 Edmontonians on behalf of Premier Rachel Notley at Wilbert McIntyre Park. The Institute also co-presented a live 3-hr show, "**After Art in the Park**" putting Ukrainian artists in front of the public as producer and presenter of the Whyte Avenue ArtWalk Festival. SJI also made history this summer as the first-ever non-profit, registered charity, Ukrainian food vendor to ever take part in Edmonton's major food festival, Taste of Edmonton! Our restaurant, "**A Taste for Life - Ukrainian Kafé & Bistro**" was staffed with volunteers over this 10-day period. And the very next day, SJI served as food sponsor for Ronald McDonald House Charities, serving up meals and special treats to 5000 guests – families and children - at the RMHC-Northern Alberta Block Party!

In August 2015, at the direction of Camp Directors, Fr. Dcn. Anton Lakusta and Ronald Bayda, and under the chaplaincy of Rev. Fr. Cornell Zubritsky, 83 youth aged 7-14 had their fill of summer thrills in the Camp Bar-V-Nok program: "**Where Faith, Culture and Nature Come Together.**" Held at Camp St. Basil this year, the camp program was very uplifting and successful, despite the challenges of a new facility, bad weather and a hefty bout of the flu.

The summer ended on a very high note with SJI and the Alberta Society for the Advancement of Ukrainian Studies teaming up to present "**A Journey Through The Ukrainian Jewish Encounter**" – an historical exhibit that was launched and ran at the Institute for a 3-week period. Thanks to all SJI staff and volunteers who went way above and beyond to make all of these events happen!

St. John's Institute's casino on February 2 and 3, and our fundraising gala on February 7 allowed us to support other non-profits and charities, and encourage

youth leadership development, with some of our contributions matched by our own SJI Residents Association. The Ukrainian Canadian Students' Union, the Stollery Children's Hospital Foundation, the Calmar Zirka Ukrainian Dancers, the Kinette Club of Edmonton, and the ZMIIV Orphanage in Kharkiv, Ukraine, received donations in support of their goals. Many more organizations received discounts and subsidies to use SJI's meeting facilities; accommodations for their guest speakers and performers; catering for their special events, and promotion of their activities through SJI's membership and promotional channels. SJI also hosted and sponsored Ukrainian art competitions and exhibits, panel discussions, book launches, round tables and Ukrainian student/mentor networking events.

## Ukrainian Catholic Brotherhood of Canada - Edmonton Eparchy (UCBC)

The Ukrainian Catholic Brotherhood of Canada — Edmonton Eparchy is now nearing the end of its 81th Anniversary Year of existence as a lay organization in the Ukrainian Catholic Eparchy of Edmonton. Beginning in December, 1934 at Mundare, Alberta organized by the Basilian Fathers (Fr. Andrew Truch, OSBM) as a Family organization of men, women and children, it grew into separate entities into the Ukrainian Catholic Brotherhood of Canada, Ukrainian Catholic Women's League of Canada and the Ukrainian Catholic Youth of Canada with the UCBC being the umbrella over these organizations till such time as the Ukrainian Catholic Council was formed in 1943 and was the Eparchial jurisdiction and coordinating body of these

three very important family organizations. To further enhance this organization make it more encompassing to include all members of a family, it admitted and recognized the «Obnova» «Ukrainian University Students and St. Nicholas Mutual which also became part of the Ukrainian Catholic Council — Edmonton Eparchy. These organizations existed in almost every Parish in the Eparchy and to keep in touch a newsletter «Catholic Action» was published monthly by «The Ukrainian Catholic Council».

The UCBC — Edmonton Eparchy has established 11 very distinctive Programs to support the Ukrainian Catholic Church, the Ukrainian Community and the Ukrainian Community in Ukraine. I will just briefly identify each program and list some of the projects in that program without too much detail. Any individual reading this report can contact myself, or Joseph Synyshyn — Director, Communications & Programs for more detail.

## Ukrainian Canadian Social Services (UCSS)

UCSS activities have been consistently covering community needs that have emerged during the last three decades. The services provided by our agency did not duplicate services provided by the main stream organizations. The UCSS continued to work on immigration and settlement programs, and community programs. The majority of UCSS clients were residents of Edmonton, however the office received a number of inquiries from all over the Province.

### Immigration and Settlement Programs

- Settlement program – UCSS has continued to help New Canadians to settle in Edmonton and surroundings - our programs covered initial needs of newcomers that included finding apartments, applying for SIN, Alberta Health Care Plan, school registration, job search and other related issues.
- Aid with citizenship applications.
- Immigration Services – providing general information about immigration regulations and possible ways to immigrate to Canada. There was more interest in coming to Canada to work or to join family members who already were here. Due to the recent situation in Ukraine the office responded to a number of inquiries on immigration programs.
- The office staff helped clients with filling out various immigration applications and compiling of supporting documents.

### Community

- Providing information on community services for seniors, families, sick and isolated, women and youth.
- Help with various applications (Child tax benefits applications, Employment Insurance applications, etc.)
- Providing help to senior citizens with applying for senior benefits – Canadian Pension Plan, Old Age Security Pension, Assured Income for the Severely Handicapped, Provincial Senior Benefits, City Property Tax and so on.
- Commissioner for Oaths
- UCSS accepted donation of used furniture and household items.
- Translation and interpretation services .
- Volunteer coordination -The office staff continued to work with volunteers, who mostly were needed to help with bingo, casino, furniture moving and distribution of newsletter and fundraising envelopes.

### Pomich Ukraini

UCSS conducted a special fundraising for the Pomich Ukraini Fund to provide humanitarian aid to people affected by the War in Eastern Ukraine. During the School Opening Liturgy for students in the Ukrainian Bilingual Program there was a special collection of donations for families of Ukrainian soldiers killed or wounded in action. All funds were forwarded to UCSS Centrala and transferred to Social Service of Ukraine.

UCSS Edmonton supported Centralia's project in Ukraine "Soup Kitchens" that has been established in 1998 in order to provide free meals to less fortunate people in Ukraine. The project is conducted in cooperation with Social Service of Ukraine. Presently the program runs 8 kitchens/food banks with financial support from local government agencies and businesses.

## **Ukrainian Resource & Development Centre at Grant MacEwan University (URCDC)**

Dr. Svitlana Kryś, Director Ukrainian Resource and Development Centre (URDC) and the Kule Chair of Ukrainian Community and International Development at MacEwan University.

Dr. Kryś replaces Dr. Roman Petryshyn, the founder of URDC, who served as its director for 28 years. Dr. Petryshyn retired on June 30, 2015.

Dr. Kryś sees URDC as an indispensable part of MacEwan's internationalization strategies, and through URDC, she would like to provide study, research, and extracurricular opportunities to students, interested in Ukraine and Eastern Europe, thereby making the Ukrainian Studies an integral part of humanities at MacEwan. She is also looking forward to working with Canadian Ukrainian community groups in a range of academic and cultural outreach initiatives, as consistent with URDC's mandate.

URDC is grateful for the support of our community partners, the Ukrainian Foundation for College Education (UFCE) and Canada Ukraine Foundation (CUF). Together, we ensure that URDC not only stays preminent in what it does but also expands its footprint in Ukrainian Studies.

For example, last spring UFCE and CUF were instrumental in sponsoring the development of the nursing course on Post Traumatic Stress Disorder (PTSD), which was launched at Ternopil State Medical University (TSMU) this fall.

In his letter to UFCE Dr. Mykhailo Korda, Rector of TSMU wrote: "Your assistance regarding this new course is particularly important and timely in view of the gruesome aftermaths of the current war in Eastern Ukraine with over 6 thousand killed, several dozen thousand wounded and over a million people displaced. According to recent estimates, at least 350,000 people in Ukraine will experience long-term effects of mental health trauma and will require competent interventions and ongoing support by well-trained nurses and other health professionals".

Last May a delegation from MacEwan representing our Bachelor of Communications Program, Bachelor of Science in Nursing program, and URDC visited our partner universities – National University of Kyiv Mohyla Academy (NaUKMA) and TSMU. Numerous activities of the visit included a seminar dedicated to different aspects of Social Conflict. The papers presented at the seminar will be published in our joint peer reviewed journal "Social, Health and Communication Studies" in November 2015.

Currently, URDC is working with a group of scholars from the University of Alberta, spearheaded by Dr. Olenka Bilash on a three-year research project aimed at investigating key areas of the reforms in Ukraine. The Research Initiative on Democratic Reforms in Ukraine (RIDRU) will explore three dimensions in the upcoming democratic reforms of the government of Ukraine: good governance and the rule of law, post-secondary education reform, and nationality, culture, and language policies. All three topics will be investigated both as they emerge in Ukraine and as they affect the diaspora in Canada and beyond. URDC director is one of the lead researchers for the cluster on nationalities, culture, and language policies, working in close collaboration with colleagues from Canada, Ukraine and other countries involved in the project.

## Ukrainian Women's Association of Canada Alberta Provincial

Our UWAC Alberta Provincial organization consists of fourteen branches with a total of 545 members. The largest branch has 101 members and the smallest branch has seven members. Our Alberta Provincial Executive remains the same as our biennial election was held on October 25, 2014.

The highlight of 2015 was our 85th Anniversary celebration, held on October 3, 2015 in conjunction with the Alberta Ukrainian Self-Reliance League Convention. UWAC-APE planned a program which included a presentation of "My 1000 Pillow Project" by Larisa Sembaliuk Cheladyn. Delegates also participated in a "Show and Tell" of embroidered cushions and pillows that they brought. At the end of the day, Mrs. Anna Zwodzdesky presented the history of Alberta Provincial Soyuz. In conclusion, all the delegates joined in singing Ukrainian songs, while Honourable Gene Zwodzdesky played on Mrs. Zwodzdesky's mandolin.

Past Presidents were invited to this Anniversary and were honoured with corsages. Every delegate received a copy of the "85th Anniversary Program Book", featuring the theme of Ukrainian embroidered pillows. For this booklet, Leona Bridges researched and prepared a short history of UWAC-APE, as well as a list of major projects for the time period of 1930-2015. Vivian Skakun prepared a chart of National UWAC Presidents and Provincial UWAC Executives during the 85 years.
